# TESTIMONIALS

*We've had messages from everyone to say they were blown away by the venue and had never attended a party like it. It worked really well, and I hope you're all so proud of and excited by what you pulled off. We've also been told countless times how friendly and attentive your staff were — topping drinks up, keeping an eye on the bar. So, please pass on a huge thank you to everyone who was there.*

*A big thank you to you and your team for hosting the British Science Festival. We really appreciate you going above and beyond to facilitate the many requests from our team and event organisers. We had a great time and received lots of comments from colleagues and audience members about how much they loved the venue.*

EVENT HIRE · QUIRKY QUARTER, LIVERPOOL

*We used Quirky Quarter for a team event in January — about 25 of us. I'd seen it on Instagram and thought it looked interesting but wasn't sure it would translate for a corporate group. It did. Honestly the feedback afterwards was better than anything we've had for events that cost three times as much.*

#### More to it than we thought - so much fun!

We weren't quite sure what to expect from Quirky Quarter, but it totally exceeded expectations! It's a fun, immersive experience packed with optical illusions, puzzles, and plenty of "is this real?" moments. There were loads of great photo opportunities, and the staff were super friendly — offering to take pictures for us and giving helpful hints for any puzzles we got stuck on. It was quirky, clever, and had way more to it than we thought. Definitely recommend if you're looking for something a bit different in Liverpool!

#### Great for your inner nerd!!!

Jan 2026

This turned out to be a great experience for myself & 2 adult sons (20 & 22). This is well laid out with a lot of interesting and quirky exhibits. The staff were really friendly & could not do enough. There are some exhibits that really wreck your brain (but in a good way!!!). Highly recommended.

Absolutely fabulous time here. We didn't know what to expect, but we had a great time. Lots of different illusions, with guaranteed fun. The hosts were on hand with friendly advice and there to take the magic photos on your phone, with the best shots. I would say it's a must do experience whilst in Liverpool.
